What to Expect During Your Visit

During your visit we encourage you to make prints in our well-equipped studio, to participate in classes as you wish, and to be part of our community and our program. We encourage you to attend classes and to be

active in making art in our studios. You will present an exhibition of your work at [Gallery 1010](#), our student gallery in downtown Knoxville, or another public exhibition venue. The exhibition will be typically the third week in September, with your reception on Friday. Each student will have about 6 meters of wall space in which to exhibit. In most cases students bring work with them, but also exhibit prints they have completed while in Tennessee. If you need to ship work in advance, make sure it arrived at the UT School of Art well in advance. Students are expected to email Professor Lyons representative images on their work, and artists statement and other information to promote your residency and exhibition on the School of Art website. We will arrange for you to have a temporary student ID as well as access to the student recreation center which has a swimming pool and gym.

Health Insurance

You are expected to arrange for your own travel medical insurance for the duration of your trip.

Telephone and Internet

Your apartment will have a telephone for local calls, but it cannot be used for international calls. Most students who come to the United States get a small, temporary phone, or SIM card.
